no one takes over? çµ„å•^èªžè“€,é«~ésšžèªžè“€,æ©Ÿå™™èªžè“€,ä,-ésšžèªžè“€,è†ç„Ÿèªžè“€

now, è†ç„Ÿèªžè“€natural language >> the languages we use daily, like chinese / English / Japanese / ç•«æ~Ÿæ—† --- oooops, é¼¼æ%o

é«~ésšžèªžè“€ program languages more similiar to natural language, for example, BASIC

ä,-ésšžèªžè“€ not as easy to understand like high level language, but still esier than the assembly language for human to handle, like C language is one.

I found this site for your reference >>
