Hello Tim, Glotynn,

Applepie is back, and I have some news to share with you today. Yesterday, a good friend of mine told me something rather surprising. Let's just call this friend "J" for short. J told me he was browsing the internet, and came upon a website in Taiwan that talks about "SEX". Now that was not the interesting part, but who is the site's administrator was. Hey, I think you should have guessed it by now, the person in question is none other than.... Mr. Goliath himself! Here's a link you can verify for yourselves.

Now this site's been around for about a year and a few months, while Mr. Goliath has always advertised or mentioned other sites that he owned on GCT, I have never saw this one advertised nor heard him mentioned it even once while I was there at GCT.

Is this the skeleton in the closet? Dirty laundry? His dirty little secret? Whatever it maybe, I don't really know, but what I know is this, Mr. Goliath is not what he claims to be. There are some gross discussions on that site, so if you are underage (those of you that are reading this), please don't enter. I wonder if Mr. Goliath is getting his kicks reading those stories at night, anyway, I feel sick now even talking about it.

Tim, Glotynn, what is your take on the subject? Maybe you already know about this, would you like to enlighten me?
