The following is a classical joke. You got to have a punning mind to know why and it also shows punctuation is important.

A panda walks into a cafe.

The panda orders a sandwich, eats it and then fires a gun into the air. On his way out, he tosses a badly punctuated wildlife manual at the confused bartender and directs him to the entry marked "Panda."

Whereupon the bartender reads: "Panda. Large black-and-white bearlike mammal, native to China. Eats, shoots and leaves."
