My dear friends, our lovely Lily wrote me a letter to say hi. She is busy on studying for her university exam. the letter is as follow.

Rita, long time no see....How are you.?How is Qing?Wolfy?123?Apex.?and our old friends.?..Help me say Hi to them when you meet them.Ok.?.....

And how is our chatroom?Is it Ok all the time.?

Last night,i was so sorry to get out of our chatroom as soon as i logined inFrankly,i miss okenglish chatroom,i miss all of you.....After my university entrance exams,i will be back in our chatroom,i will chat with you ...I will do a lot of things i want to do...But now,i know i cannot.

I just fininshed my Mid-term exams.....Relax myself for one day.....Playing all day long,i feel so tired actually.....I have not expressed myself in english for long on the Net...I do not know how to decribe my feeling inside now...

Rita,i really appreciate our friendship.....My absence from okenglish won't have side effects on our friendship,right.?I will be back next summer...After my university entrance exams....You all will wait for me in our chatroom.?Right.?.....I am sure then we all can chat like before.?right.?....

Take care...

Lovely Lily
