Meant to send you a carton of ice-cream bars with different flavours had you not seeked help from the Net.

So now, an 'emailed LOLLIPOP'!! Okay?!

Hi Futari,

Did you create the word "seeked"?

I have not sought this word in the dictionary.

When will you email me that LOLLIPOP?

Long time no "see and hear", Glotynn.

(OOPS! Pardon me!)

Thank you for reminding me of my loose grammar. I'm now retrieving the word "seeked" that I coined and have its normal form "sought" restored.

PS "Why emailing 'YOU' the lollipop and not to "SoutheLily?"
