From Elinor again.

Worth your time. -- A.

Lost Generation.....really clever and thought provoking!

A palindrome reads the same backwards as forward. This video reads the exact opposite, backwards as forward.

Not only does it read the opposite, the meaning is the exact opposite..

This is only a 1 minute, 44 second video and it is brilliant. Make sure you read as well as listen...forward and backward, which it will do without prompting from you.

This is a video that was submitted in a contest by a 20-year old. The contest, sponsored by AARP, was titled "u @ 50". This video won second place. When they showed it, everyone in the room was awe-struck and broke into spontaneous applause. So simple and yet so brilliant.

Take a minute and watch it.
