How about [â'›çŒ-]?? ç!® ç¾© â»%œ æ•¥

Are they out of date and no longer the most basics for Chinese?

I still consider them as most essential qualities for any one worthwhile, much much more important than any knowledges.

I mean, I will consider you as a great man if you have these 4 qualities, even you are an illiterate and never go to school all your life.

I think I am as obsolete as them.

Oh, hmmm..... I forgot, I am actually a Martian
