Wow, I did not know Kansas is the "wheat state"... - I only knew "You're not in Kansas anymore",
hÃ¼pp-hÃ¼pp...

I meant the English they speak is not American English for me... (At the end of the video they thank
to Wichita S. Univ. which is in Kansas, I concluded they were probably American.)

(A bit off-topic): I am at 15 kms/day at jogging. No limits!!!
