Hey there ...

I just found a place which seems to be very interesting.

Let's meet once in St. Petersburg by Dima Grigorjew. ;)

He works under the earth in an old heating room ...

A meeting place for writers ...

Sorry, I didn't find an English article about this guy, but just use google translator ... should do the job.

I was fascinated of his idea and his place!

My brother will drive in the next days to Asolo (Italy) ... that's where he got her name from ... and he knows me well and my interest for special people from former days.

Will start to read soon ...
