First of all: happy new year for all ham-smugglers!

My back is getting better - plump ladies around have serious problems with keeping their parts inside (huhh, that is hentai too...) since I borrowed all corsets in the neighbourhood...

(Tomorrow I'm going to jog.)(Without corset, I guess...)

I have not heard of Song's Joseph Pilates, I just concluded he must be Pilate's descendent... It's called lingual logic...

A corset for Dashushu ... and Pontius to guest by Joseph.

So, ... a Happy New Year 2014 to you all.

May it bring some fun, success, health ... and some lovely things like Dashushu's corset ...

(Hope, your back is already better now Ference!!! ... my backpack today was so heavy, that I nearly cannot move anymore ... just back from Barcelona with lots of Spanish ham in my luggage ... feel my back like Pontius ...

or did I mix here something up? ...
