Ha-ha, dagege, Mǎ•V is definately does not much for that. It's a symbol of waste, unpunctuality and obsolete-ness here...DB is quite different, I guess...

Hm, yes, I think the girl (girl.. she is 6 weeks older then me, huhh) is at least ideologically would be your (or my) taste.

Her song "Bǎi vǎi s vadǎisz (Nem kell ǎgy fáini)" /Freischǎtz (No need to fear so much)/ for me has got political meaning too...

(Actually Freischǎtz is freeshooter literally, but here the opera is known as "The Magical Hunter".)

At least they could convince me ~~~
