Hm, dear Song, this info would make you disappointed: I have no experience about corsets...

(Sorry for this, my life simply followed a different course...  
)

But approaching it logically a really plump lady's size must be different from a, say, average Chinese girl's... (Let's count with a 150 kg vs. 44 kg version...)

(Further observations needed here...)

Dashu!

I thought Corset can be adjusted to individual body size!!

hmmm... correct me if am wrong!! hehe
