1.This summer vacation will be a relaxed holiday to me,because I don't need to prepare The College Entrance Exam anymore.

2.First, I plan to have a trip in some mountain areas in middle taiwan with my classmates.

3.I will enjoy the beautiful scenery and get up earlier in order to watch sunrise.

4.Besides that, I also want to improve my English spoken ability.

5. English has become a universal language, so to learn it well will be a great help in our furture.
