Green&cathy&all,

i am very happy to see all of your words here. Every people have his own opinion.what i think is just like the words i put it on my MSN: cherish everything that i have.

In our life we can meet right person in right place & time,but when we have it , we didn't know his value until we lose it.so hold tight the happyness you have got,that's the right way for all of you.
