The â€~Fâ€™™ word?

Nothing despicable! It is the Festive period now. So letter â€~Fâ€™™ is rather appropriate.

I shall write something very brief about â€~FAITHâ€™™. FAITH is to believe what we do not see; and the reward of this FAITH is to see what we believe. Therefore it is a continuation of reason, for it surmounts an outward and visible sign of an inward and spiritual grace.

It is the force of life; it is the substance of things hoped for. So, let us have FAITH that right makes might; and in that FAITH, let us to the end, dare to do our duty as we understand it.

FAITH lies in the future. And when all is lost, the future still remains. The way to look forward to or judge the future is to reminiscence and have FAITH. As it seems that the future is only the past again, this time enter through another gate â€!

Merry Christmas.
