The Forever Kind of Love

I always dreamed of that forever kind of love
To be blessed by that special someone
That special someone that I could only dream of

I dreamed of being blessed
Dreamed of that day
When my dreams would come true
I remember praying
I remember dreaming
That one day you would come into my life

I dreamed of love
I dreamed of caring for someone special
I dreamed of a love I could hold close
I dreamed of the day when my dreams would come true

I did not know that god had a plan for me
I did not know that god had placed you here
Placed you so only the love within me could find
This angel sent to me from heaven
I did not know that god had would place you here
I did not in my wildest dreams
Ever think I would find someone that could fill my heart
For I always thought I would be denied true love
But then you walked into my life
You took my heart and my soul
And placed it within yours
Where god had intended my heart to be

I dream
I dreamed
And now my dreams have become true.
A forever kind of love with you
