I am always happy that people have read my poems; I never shared them with people before, except for maybe the one that I loved.

Love is a blessing solshy and it comes from deep within a persons mind, body and soul. I hold the poems I have written as the truth because they are what I feel about love and that special person.

Unfortunately I do not have anyone special in my heart now and I am not in love with someone.....
wa wa wa but I do hope that if I am lucky love will find me again one day.

Ben there are many places you can find poems on the internet or within books, but the poems I have shared I have written.
