I Really Want To

Have you ever thought?  
What you really want to  
Do you want to write?  
Do you want to learn?  
Do you want a better job?  
Do you want a boyfriend or a girlfriend, a wife or a husband?  
Do you want to?

Do you say?  
“I really want to.”

For years  
I have been thinking it,  
I have been saying it,  
“I really want to.”

I wish I had more time,  
I wish I had the inspiration to,  
Maybe more motivation is what I need?

Yes, That is what I have been saying

Your right I have not made the time,  
I have ignored the inspiration that has surrounded me,  
And I have avoided the motivation that I have had  
Hiding it, running away for all of it

Perhaps what I want requires pain,  
Sorrow,  
Self-denial,  
Understanding,  
Or do I just need the commitment to do what I want.

Maybe I need to look inside and see what I want,  
Maybe I need to set my goals,  
Maybe I need to reach out and grab what I want,  
Maybe I just need to do what I want and not think of it any longer.

Maybe what I want to do is just inspire you.
