Any more of those numeric expressions? They are funny!

i like it too when i first came across the numeric expression. however, i m not well versed at it.

56 referred to myself saying i m just plain bored to post such a mail :)

other than 56, i only know 886 and 38. which mean bye bye and ...make ur guess for the later. i think it is quite common.

38 = a nosy and inquisitive female??

520 = I love you in Mandarin?
