Hello, everybody,

This is my first Forum. Hope there are many supports from you guys.

I would like to share my favorite movie quote as follow:

"My Mama always said, 'Life was like a box of chocolates; you never know what you're gonna get.'"

Forrest Gump 1994

This sentence is truly right. I also believe life is always suffering. But you never know who you will meet or what you will get. That's why I love this quote. It's your turn.
