I wanted to know what the story was about, so I translated it the best I could..... Thanks 123 for sharing with us such stories

EastCoast

What do you think after reading this story?

This is really, the love is may for ever and ever, but not the resentment does not have especially.....

If, some day, you let oneself evenly lie down in the outdoors lawn, looks as soon as is looking at ç,,iéš› the deep blue sky,

White clouds, from the place above, gradually distorts, çš»è½‰, vanishes... Considers, when mind Shen Tienhou,

The recollection substitutes these clouds, â‰Ž that, you can see, most misses that person in the moral nature deep place?

Or, the tranquil night, resists çµ• in the room all lights, in is dark,

Whether you can have miss a person's mood actually undeliverable?

I once have had! Especially after glances through for several years ago that diary, missing rushes, is unable to subside for a very long time... ..

Still remembered the sha sha marriage around scene. I and she knew well for eight years, already the asexual don't division,

Any likes, sadly, the coarse words, at the present, the intravenous drip still records in the heart.

That year, she marries the same day, I am greeting which the full house dashes grasps shouts, until newly takes one's leave the parents that moment,

I only then am static down. Time this kind of marriage scene experience are not many,

Was seeing the sha sha wears Bai Sha to kneel in her father æ-é•ç at that time, suddenly has a move inexplicably to ignite.

In particular, when the sha sha's mother drips the tears to transfer to the son-in-law:

"I on such a Zha Nanying young, I... .. Very unwilling oh! You love well armor Iraq... .. Attendance."

The sha sha's father is the serviceman family background, perhaps is man's factor! The speech does not use much, the meaning arrived has been good.

However because of so, only then lets the person think in his speech contains Italy to be specially profound, he said:

"For you a wife, besides hurts, must teach her. . Did not forget, this was the entire life responsibility."

Wedding banquet that very evening, comes from each place schoolmate's blessing, the sha sha

mouth to say the thanks, actually sees,
Her heart of hearts is excited and the five senses mixed Chen's mood.
Because, she will face, manner wife, manner mother, also strange and difficult future.

After marriage she and the husband moves to middle, with most lives in the north schoolmate, the friendship even more æ¼,èjœæ¼,é• .
Fortunately, individuality extroverted she, already with every effort with time price, receives in exchange for each other space the distance.
Her husband will becomes, with sha sha's individuality completely opposite, his Shen Ching, is shy, some times, sojourns to his family,
One day gets down he is belongs speaks does not surpass 20 that kind of men.

Initially, the sha sha his introduced knew to the diehards, ten have nine half, thinks according to the sha sha's individuality,
Not the ultra more than half year, she can because of melancholy die in battle. Had not thought, associates two year after they unexpectedly married.
Looked from another stratification plane that, is not her husband stuffy, was our these diehards too is boisterous!
Once, she with me said must marry for him, that time, I remembered I also ask her:
"Cannot! Marries for a each one natural difference that big person... .. â³ should not be wants to marry works as the mute?"
She instead replied I said: "You unconsciously, fall in love the person, the speech may not be many?"
From her firm look, has proven she assuredly sympathy.
But actually I do not lose heart closely examine her: "Said a reason listens!"
"The reason are very many! For instance that, the first period of time I often work overtime, the time is not fixed, but he? Can in the vehicle superior
â³ is busy all, perhaps, this and so on two, three hours, he cannot return to you a smelly face, or, can display not
Patient expression. In brief, his patience is good; What some, I very am also affected, my father birthday that one day, I
The busy finance is tying the tax the matter, unexpectedly forgot! But he, silently has wrapped a gift, bureau on my name personally north
On, wishes my father Happy Birthday. Until afterwards third days, my father makes the phone call to me, I only then knew. He does not like saying,
He uses to move proves all, you know? He has given the regard which I too many moves and that share is unable to explain."
However, I actually cruel return to her:
"Very many men, before the wedding married the latter two types, the difference very in a big way!"
"If is, that... .. Only holds my good fortune, must I assign idea!"
Sees, in her eye reveals is doubting the person not to marry, gets married the charm which does not doubt.
After the marriage did not fill for a year, the sha sha has lived a daughter. The a full month is happy, I look at the sha sha strong èœ center the young sha sha,
Relatives and friends' blessing, made this to the mother and daughter, nearby the cheeks very red mouth often hangs the faint smile. In a quarter accidentally between,

I pass through the baby room, from the crack in a door, I hears the will to pair his Man Yueh daughter gently to say:

"Thanks ㄝ!³ the mother, ㄝ!³ lives for me... "

That flash, I have tacitly approved, sha sha initial choice.
