Hi, Geoette,

In "á ¼±±á³»áŕ°", all four words have the word "á±±" embedded in them, and imho, "æ,...æµ•æ¿€æ¹•" or "æµ•æ°æ,...æ³%º" ç-%ºá•¥ would be a good match if not the best.

As for "èœ,æž—è,,©ç«¹", they all have hints on "plantation" in their "full/thick foliage", and are supposed to be found in the "mountains". Guess these would be the criteria we need to pay attention to; don't you think so?

Regards.
