If you stay with the man /girl who really love ,you'll fell happy,and the weather is sunny all day though it is heavy rain outside.But if you find woring man man/girl with you, you life will turn anther side,sometimes you will fell you are already died.so,At this especially day, i'd like to tell all of you--remeber to find the right man/girl to yourself,and don't contact the sex ang love together before you confirm he/she is really worth you to "pay out".  
Any way ,Happy valentine's day to all of you.
