Futari's contribution too.

This series of photos is telling the suffering of a poor bird shocked with his partner's fatal injury.

Here his wife is injured and the condition is fatal.

Here he brought her food and attended to her with love and compassion.

He brought her food but shocked to find her dead. He tried to move her.

Aware that his sweetheart is dead and will never
come back to him again, he cried with adoring love.

He stood beside her, saddened of her death.

Finally aware that she would never return to him,
he stood beside her body with sadness and sorrow.

Millions of people cried after watching this picture in America and Europe and even in India . It is said that the photographer sold these pictures for a nominal fee to the most famous newspaper in France . All copies of that newspaper were sold out on the day these pictures were published.

And some people think animals don't have a brain or feelings?????

This was simply just too beautiful not to share. God's creation is amazing!
