Here I am - Air supply

Here I am playing with those memories again
And just when I thought time had set me free
Those thoughts of you keep haunting me

Holding you, a feeling I never outgrew
Though each and every part of me has tried
Only you can fill that space inside
So there's no sense pretending
My heart it's not mending

*Just when I thought I was over you
Just when I thought I could stand on my own
Oh baby those memories come crashing through
And I just can't go on without you

On my own I've tried to make the best of it alone
I've done everything I can to ease the pain
But only you can stop the rain
I just can't live without you
I miss everything about you (*)

It's just no good without you
Without you, without you, without you

Oh baby those memories come crashing through
And I just can't go on without you
