Yes, Dagege, you'd make a great private eye too!

Till some years ago it was beside the Parliament, now it is in the tram stop beside/under the Parliament -some 20 meters away. That's a better place. - I myself did know it's become relocated.

Where I could find his statue? When I look at the photos of your link - ... the location seems to change from time to time ...

If it is by the Danube now, then it should be in front of the parliament building ... That's why I didn't see it ... construction work is on there ...
