Suggested corrections:

I **have been** dreaming of being a spaceman when **since** I was young because **the vastness of** the universe makes man surprise for it is very vase **highly amazed**. I like to collect **various** models **of the space shuttles**, and I prefer **like** to share these photos **the pictures of the planets** with my friends. **After** comparing them, I think the earth is the most beautiful one **in the universe**.
