Someone on the web gave the following translations:

- A futile attempt to deny the very obvious
- A futile attempt to defend the indefensible
- To deny one's wrongdoings in stiff-necked manner

Take a look at this webpage:

In Taiwanese, it's equivalent to  $\mathfrak{c}\mathfrak{i}\text{--}\mathfrak{a}\mathfrak{c}\text{--}\mathfrak{a}\mathfrak{c}\bullet\mathfrak{c}\mathfrak{i}\mathfrak{e}\frac{3}{4}\text{~}$ .

I feel it a good phrase to describe our President.
