Eh! I thought you're out of here! The reason you come crawling back, I conclude, is two-fold. 1. Undoubtedly you are that æ-»éžæ'•é£~è“ç wanting your LAST WORDS; and 2. You are extremely jealous or envious of the spontaneous backing that I receive! I don't use pseudonyms to back myself, unlike YOU! Whatever skin you have .. they are very very thick. I don't usually offend others, but I only do that to a scum.

Now go get your HK 'friends' to help you. I handle you all singlehandedly. I won't bat an eyelid. And I mean it. You are too tiny for my trouser-pocket.

p.s. This is piping hot from the net ...

So door number one didn't work out. What about what's behind doors number two, three, four, five?"
