Hi Guys,

Deriving four Chinese phrases from a mother phrase is very easy when you hold a dictionary in hand. It may be more meaningful to demand that the four derived phrases should form a serial meaning, for example:

Mother phrase: èªžç,,jâ€«æ¬j

Derived phrases:

èªžé©šâ»â°š,

ç,,jâ°èf½â•š;

â€«â„æœ%æ¬,-

æ¬jç'sæ-‡âœ-

Would you guys make a try?
