Mr Glotynn & Geoette, Sirs

Thank you once again Mr Glotynn for your well wishes. I will have to work doubly hard to achieve my goals.

Mr Geoette must be kidding me for a job (laugh).

It's amazing that your son acts so swiftly. Just a fortnight ago, he receives his degree and is now gainfully employed! Simply incredible. I wish I was him. Please convey my best wishes to him for a bright future.

Whilst here, I have another question that needs help. Gentlemen, please!

 \hat{a} ۥ Ever since the successful launch of euro notes and coins, the spotlight has been turned on the three European Union members which remain outside the euro area. Explain why Britain, Sweden and Denmark, are still not in the Euro Zone despite retailers in all three countries accept the Euro. \hat{a} €œ

Best regards.
