Greetings!

Cutebrowniebaobei will be in Taiwan from 5 Oct to 9 Oct 2007.

Would appreciate if you guys can give me some tips.. what are the things to take note of, where are the places worth visting.. what are the things that i can bring back to my hometown..

For example,

how's the weather going to be like during that 5 days' stay..

how's the hot spring at Sha Mao Mountain?

Where is the so called 'xiao ren guo'? Miniature world or whatever? Is it in Liu Fu Village? How do I travel there from Taipei?

We are planning for one day tour in TaiChung also.. so would like to know, where are the places worth visiting.. what are the famous food that we should try etc..

Hope to see your replies!

Thank you very much~!
