I wish I could find true love! a love that would last a lifetime.

I Love You More Than Life

Have you ever loved someone more than life itself  
Have you had her on your mind?  
Within every single thought  
Have you ever found it impossible to express your feeling?  
In what you write or say to the one you love

I have, I have found it impossible to find the words  
To find the words that would express my love  
My care  
For this woman I love

How can I express my true love?  
My desire to be with her  
To love her and care for her throughout my life  
For the words that express my true heart  
Can not be found  
They do not exist  
That truly express what I want to say

The feelings inside are so very strong  
Stronger than the fire within my heart  
Stronger than the beating of my heart  
For the love of this special someone

Yet when I try to find the words to express  
My love for you  
The words donâ€™t even touch how I truly feel  
The words donâ€™t reach the depths of my feelings

How can I express my heart to you my love  
How can I express my thoughts, desires and hopes  
I cant  
I cant express them in words  
I cannot explain the true essence of these  
Phenomenal feelings that fill me

Heart, body and soul

Maybe I can express my love like this

I can tell you what I feel like when I think of you  
Sweetheart when I am thinking of you I feel as if  
If I could fly within the clear blue sky

When I am with you heart, body and soul  
I feel as if I have a raging fire within my heart when  
I don't see you  
Hear you  
Feel your loving heart  
A fire that can't be quenched to the moment  
I hear your voice, feel you next to me

When I think of you my love  
I feel as though there were waves crashing  
Slowly along the shore  
Bringing more love with every wave that the  
Ocean has to offer two lovers

When I am with you no matter how  
I feel that all your love surrounds me  
Holding me closer than I have ever been before

Darling to hear your voice, to touch your heart with mine  
To hold you within my grasp no matter how  
Everything is beautiful when I love you

This love is just a little part of how wonderful I feel  
Because I am so in love with you  
Maybe the word "love" was invented to explain  
The deep, all encompassing feelings  
That I have for you.  
But somehow my love it is not enough  
Not nearly enough to express my feelings for you  
But since it is the best word there is  
Let me tell you a million times  
I love you more than life itself

Love
